

BELL WOODTURNERS NEWSLETTER

AUGUST 11, 2011

July Demo

The July Demo was presented by Richard Wood and Charles Watson. They combined their talents to demonstrate the use of the skew. Richard started with a demonstration of some of the problems of using the skew including the catch. Charles followed up with how to make beads and coves required to make a spindle. They pointed out the areas where the skew works best and some areas not to use it.

July Treasury Report

Beginning Balance	\$4523.85
Deposits and Interest	119.02
Expenses	271.13
Ending Balance	\$4371.74

**WANTED FOR SKEW ABUSE
CONSIDERED ARMED AND DANGEROUS
(SEE THE SKEW IN HIS HAND!!!)**

Misc

The Demo-Sale day was July 23. We had a good turn-out with lots of people in the morning. Afternoon was pretty slow. We picked up two new members and lots of others expressed interest in wood turning.

The club has a lathe that was donated. We are preparing that lathe and collecting tools for our 4-H group. We were scheduled to deliver it this week but scheduling conflicts pushed it into next week. We hope to have future turners from this group. If you have tools you don't use, we would love to have them to be used by these kids.
