June Demo

The June Demo was presented by Jimmie Sapp. He demonstrated how to make a stick pen. As the name implies, he uses a stick or small branch for the pen barrel with some of the bark left on the outside. He then turns the end of the pen blanks to fit the kit parts. It makes for an unusual and unique looking pen.

Misc

The Demo-Sale day is coming up on July 23. We need weed pots that will be given to visitors to the event. If you have pieces of wood that is suitable for weed pots, it's not too early to start making a few for the Demo-Sale. They are good practice when you don't have anything else you want to turn at the moment and just want to turn something. The flyer for the Demo-Sale is on the website. If you have someplace that you think it could be posted, please print it and get it posted as soon as possible.

TV 20 has a "Community Spotlight" segment that runs on Wednesday each week. Watch next week and see Gary Taylor promote the "Demo-Sale Day on TV. Bob Williams interviewed Gary about the club and what we do. We hope this will get us more foot traffic for the day.
